Fees/Fines

Any outstanding fees/fines must be paid immediately. Failure to do so may mean your team not being allowed to play.

Insurance

All teams are reminded to renew their sports club insurance policy. Insurance may be obtained through AENA.

AENA affiliation

This should be completed by beginning of season. Divisional secretaries will require a copy of the receipt.

Player registration

Your team registration form should already be with the Divisional Secretary. Any additional members can be registered singly (contact league secretary for form) or using another club registration form if you have a couple of players to register.

General

All teams must provide a match ball size 5, suitable inflated and not worn smooth. Players are reminded, the orange rubberised balls are considered to be practice balls as opposed to match balls. Umpires are asked to check the suitability of the ball. If one team owns an orange ball and the other owns a leather ball it is advisable to select the leather ball to be used for match play.

All teams **must** have a first aid kit, which should include microspore tape for taping wedding rings.

Results cards

Result cards **MUST** be sent Divisional secretary within **5 days** of the match. Clubs failing to comply will be fined.

Umpires List

Please find attached. Recommendations have been given on the current list of umpires, as a guide to selection only.

Finally the League Chair and Committee would like to wish all the teams and players a successful and enjoyable season.
